Mounting Kit: Wall to Wall
Product Code: **CLWWMK**
Number: 1
Cost: **€68**

Kit includes:
2 x CF04 Cables
2 x CCK Angled Wall Mount
2 x CC15 Connectors
1 x TF60 24V Transformer

A3 Insert to convert A3 Panel to 2 x A4
Product Code: **CLBLA3 Insert**
Number: 1
Cost: **€6.05**

More Sustainable
More Style
More Impact

Just look at the sustainable credentials of the Claralight™ LED lightpocket

- Over 60% of the panel is made from recycled material (by net weight).
- 40% power saving compared to a standard LED lightpocket.
- Smaller, slimmer frame uses less raw material.
- Switching to 24v not only saves power use but also increases LED lifecycle.

A3 Landscape

Claralight displays can be setup Portrait or Landscape

A4 Portrait

Claralight

Freestanding LED Display

The Claralight™ LED display is an innovative and sustainable freestanding display packed with features to help you create a high-impact display EXACTLY where it is needed. Smart framed A3 sized LED panels simply slot into the sturdy frame - swap panels in seconds - your display is refreshed and keeps on getting noticed.
